We at 'Kofuku Japanese Restaurant' believe in offering authentic Japanese cuisine to our patrons. To ensure this, we use authentic and quality ingredients for our recipes.

Kofuku is proud to be associated with 'Premium Tofu Manufacturing Company LLP' as an exclusive Tofu supplier. It came as a pleasant surprise to us to discover "Ai" Tofu; as we were not sure if Authentic Tofu would be available locally. "Ai" Tofu is the only Authentic Tofu available in India with quality at par with Tofu available in International markets. "Ai" Tofu is fresh, authentic, consistently delectable, healthy & hygienic. This is possible only due to premium quality of raw materials used to produce "Ai" Tofu and the adherence to stringent quality control norms at 'Premium Tofu Manufacturing Company LLP'.

We have been using "Ai" Tofu in our cuisine since inception of 'Kofuku' in Mumbai and our Patrons have appreciated all the Tofu recipes for its taste and authenticity. We recommend "Ai" Tofu to all Tofu lovers.
